COMMERCIAL SOLICITATION

This Solicitation is for a **Fixed Price** purchase order.

Bechtel Marine Propulsion Corporation (BMPC) invites you to submit an offer on supplying the material and/or services covered by the draft purchase order, Commercial Purchase Order Instructions and the associated documents. A draft purchase order is provided for solicitation purposes only and is not to be construed as an order placement. The total pricing should be clearly identified in your offer, including any discounts applicable.

This solicitation letter has been structured to highlight salient features of the reference solicitation. It is of extreme importance that you thoroughly read this letter in order to preclude misunderstandings and/or errors in your response which would either render your proposal as non-responsive or unduly delay consideration of your proposal.

If Offeror’s proposed pricing is pursuant to catalog price lists, schedules, GSA contracts or corporate agreements under which BMPC is eligible to purchase, a copy of such list/schedule/contract/agreement shall be furnished along with the offer. If applicable, provide Federal Supply Schedule (FSS) prices and ordering information and Government Contract Number. If alternate pricing such as Department of Energy (DOE) Integrated Contractor Purchasing Team (ICPT) or DOE Enterprise pricing would be more economical than FSS pricing, then provide both offers.

Offer shall reflect full compliance with all requirements of the draft purchase order and Commercial Purchase Order Instructions. The offer must clearly indicate when it deviates from this expectation and does not meet the requirements. In unusual cases in which the Offeror considers that a technical or administrative exception warrants special consideration, the exception must be clearly noted and a full explanation of the need for the exception provided.

SUBMITTING AN OFFER

Any questions, explanations or clarifications regarding this Solicitation should also be directed to the identified Contract Administrator. Offer shall be submitted via e-mail, mail or fax.

An offer shall state that it will be valid for ninety (90) days after the due date.

Close of business is 5:00 p.m. local time. If Offeror intends to submit an offer and cannot meet that date, it must promptly notify the Contract Administrator and provide a justification for BMPC to extend the due date. BMPC reserves the right to accept an offer up to 24 hours after the specified due date for such cases as misrouting it. Any offer received more than 24 hours after the specified due date will not be considered unless it is the only offer received or the late receipt was solely due to mishandling by BMPC.

To be eligible for award as a small business, a Supplier must represent in good faith and in writing prior to the award of the purchase order that it is a small business concern, or have on file prior to purchase order award small business program representations in the Government’s System for Award Management (SAM).
